Join RAIC and
enjoy savings
and the benefits
of membership
while supporting
the Profession!

Support RAIC's efforts

RAIC promotes design excellence, innovation and environmental responsibility, ensuring that our profession and our communities share a bright future.

- RAIC strives to facilitate the mutual recognition of credentials to allow intern architects to work and travel around the world with little disruption to their professional career and work experience.
- Ongoing liaison with other associations – provincial and territorial associations of architects, Canadian Architectural Certification Board, and University Schools of Architecture moving the Profession forward.

Low, low membership fees!

Enjoy full membership benefits at practically no charge, including free subscriptions to leading publications (*Canadian Architect*, *AWARD*, *SABMag*), and discounts on Professional Development courses and books.

Interns signing up immediately after graduation can enjoy a year and a half of FREE membership.

Showcase your talent

Access our recruitment service to post your résumé and search for jobs to advance your career.

Recognition

All RAIC Intern members are eligible to use the MRAIC designation.

Knowledge

Access research and travel grants through the RAIC Foundation.

Internship requirements

Check out the electronic version of the Canadian Experience Record Book (CERB) at www.raic.org – which automatically calculates hours.

Access study material for the new ExAC such as the manual, Sustainable Design Fundamentals for Canadian Buildings – FREE to RAIC members.
