## RAIC recognizes excellence among students

**OTTAWA June 15, 2005** – The Royal Architectural Institute of Canada recognizes excellence among students at Canada's University Schools of Architecture each year in two ways – the RAIC Student Medal and the RAIC Honour Roll.

The RAIC Student Medal is awarded in each School of Architecture in Canada to students achieving the highest level of academic excellence when graduating from a professional degree program. The RAIC Honour Roll recognizes architectural students in these schools who achieve high academic standings in the top 10 per cent of their graduating class.

"The RAIC is proud to support the Architects of tomorrow," said **RAIC President Yves Gosselin, FIRAC**. "I am certain that we will be hearing and seeing more about these young men and women in the future as they set new standards for the profession with their talents and vision."

The following are the 2005 recipients.
